Re: Engagement Letter
Application for Naturalization

Lauren and Brent:

Thank you for choosing Symple. This letter summarizes our upcoming engagement.

Our services in this engagement will consist of preparing one (1) naturalization application for Lauren, as well as providing any hourly consultations you may need as part of that process.

For this engagement, we will charge an hourly rate of \$500 USD per hour for every hour of work by principal Marcel Oliveira. That will include any booked or conducted consultations via email, text message, or phone, as well as any work performed on documents.

We anticipate that, to prepare a complete draft of Lauren's naturalization application, our total billable hours will amount to 1 hour, or \$500 USD in fees. You may choose to ask for changes in the application, additional phone consultations, or any other services that incur extra charges. If so, we will inform you of those charges in advance. In no event will we charge you for hourly fees that you did not approve in advance and in writing.

Please note that our fees do not include out-of-pocket costs such as government filing fees. The filing fees for Form N-400, Application for Naturalization, amount to \$760 USD.

We will invoice as follows:

1. An initial deposit of \$1,260 USD, due along with this engagement letter, and before services start, to cover the minimum anticipated hourly fees and out-of-pocket costs; and
2. For any additional services or costs you choose to incur, monthly invoices due upon receipt.

Thank you for your trust and your business. We look forward to taking your business to the next level by making things Symple.

Sincerely,

SYMPLE

By: Marcel Oliveira
