Part 9., Item Number 20.

Placed in removal proceedings on 2015-03-11 before the Immigration Court in Detroit, Michigan (matter referenced by A-Number A-212337509), following a violation of the terms of her F-1 nonimmigrant student status after she stopped attending her academic program in 2014. Her employer at the time filed an employment-based immigrant visa petition on her behalf. On 2017-09-22 the Immigration Court granted a joint motion to terminate proceedings so that she could pursue adjustment of status before U.S. Citizenship and Immigration Services on the approved petition. She was never removed or deported (see Item 21). She was granted lawful permanent residence on 2021-02-11.
